

Hello from Club Travel!

Alaska

Enjoying our vacation in Canada and Alaska

August 21, 2012

Reality has set in for the PMC 22 members travelling in this tour.

After many years of dreaming, members are in Canada! Many took advantage of the 2 for 1 business class fares and travelled on the A380 from Australia. We arrived in this absolutely stunning city flanked by the mountains. We had a few days of "light" sightseeing to allow us to adjust to the 18 hours delay time zone. The group took only a short time to become a united family. This is definitely a bonus when travelling with likeminded people as it not only offers friendship but security, safety and added confidence to those who have not travelled much before.

The morning walk which extended well into the afternoon, around the board walk of Stanley Park, Vancouver, gave everyone magnificent views across the harbour towards the mountains. The sky train ride up to the top of Grouse Mountain on a superb British Columbia summers day.

Flying into Fairbanks Alaska, the air cooler in this quieter city, the expectation of seeing wildlife was high priority for the group. After our flight over the Arctic Circle in 3 private planes the next day and landing in the Yukon, we then moved to Denali national park and saw grizzly bears, caribou and moose. You can imagine the cameras working overtime to ensure that everything was captured on film.

Next stop will be on the Island Princess cruise southbound to see the glaciers.
